{If state of residence=HI}

Hello, I'm calling on behalf of a survey being conducted for the State of Hawaii's Division of Aquatic Resources and the U.S. National Marine Fisheries Service. We are collecting information for use in conservation of coastal resources. We would appreciate your help with this important study. Before we begin, I want to assure you that your answers will be kept confidential, this call may be monitored for quality assurance, and that no information will be provided to any kind of tele-marketing firm. [As needed: May I please speak with an adult in the household?]

The survey is being conducted in accordance with the Privacy Act of 1974, therefore you are not obligated to answer any question if you find it to be an invasion of your privacy.

----- **End Household Introduction** -----

----- **Household Quality Control Screeners** -----

Q1-Q4 are for sample quality control - Ask quality control statements of initial household respondent for all states.

If no instructions are specified next to a response, continue to the next question.

Q1 How many people in this household go fishing?

1 {total response, range 1-20}

0 none

99 Refused {go to termination screen, code as resistant}

[INTERVIEWER: If response is greater than 15, please prompt to confirm total number of people fishing in household.]

- Q2 Have I reached you in {restore name from sample} county / parish / island / municipality?
- 1 Yes
 - 2 No {go to Q7 - GENDER}
 - 8 DK {go to termination screen and code as resistant}
 - 9 R {go to termination screen and code as resistant}

[If State is not Louisiana, Puerto Rico or Hawaii, use “county”

If State is Louisiana, use parish.

If State is Puerto Rico, ask the municipality - it can not be determined ahead of time. “In what municipality do you live?”

If State is Hawaii, ask the island - it can not be determined ahead of time, except that Hawaii telephone prefixes have some relationships to groups of islands . “On what island do you live?”]

- Q3 Is this your permanent residence?
- 1 Yes
 - 2 No {go to Q7 - GENDER}
 - 99 R {go to terminate screen and code as resistant}

[Interviewer prompt if needed: “Where you live at least 6 months out of the year.”]

- Q4 How many people in total, including yourself, live in your household? Please include those people who fish and those who don’t fish. [Maximum = 20]
- 1 {record response}
 - 99 R/DK {go to terminate screen and code as resistant}

[INTERVIEWER: If response is greater than 15, please prompt to confirm total number of people living in household.]

[Interviewer: If response is less than answer to Q1, this indicates that there are fewer people *living* in the household than there are *fishers* in the household. Please clarify with the respondent as needed.]

[If response to Q1 is zero, then go to Q7 - GENDER. Otherwise continue.]

-----**End of Household Quality Control Screeners**-----

-----**Eligible Household Screener**-----

We want to gather information from people who have been recreational saltwater fishing. Saltwater fishing includes fishing in oceans, sounds, or bays, or in brackish portions of rivers. This does not include fishing in freshwater, or for shellfish, such as crabbing.

Recreational fishing means the primary purpose of the fishing is for fun or relaxation, as opposed to providing income from the sale of fish.

Q5 How many people in your household, including children and adults, have been recreational saltwater fishing in the last 12 months anywhere in the US (including Hawaii and the mainland) or in a US territory?

1-20 {record response}

0 ZERO {go to GENDER }

98 DK {go to terminate screen and code as resistant}

99 R {go to terminate screen and code as resistant}

[INTERVIEWER: If Response is greater than 10, please prompt to confirm total number of people that are 12 month fishers.]

[Total fishermen in household - Q1 - must be greater than or equal to 12 Month Fishermen]

[Wording varies slightly if the answer to Q5 is 1. "Has the person who fishes been recreational saltwater fishing in the last 12 months in the US or a US territory?"]

Q6 Thinking just about the past 2 months, how many of the people living in your household, including children and adults, have been recreational saltwater fishing in the last 2 months in the US or a US territory? [Maximum = 20]

1-20 {record response}

0 NONE {record response and go to Q7 - GENDER}

98 DK {ask for someone else - read intro & continue or terminate with scheduled call back}

99 R {ask for someone else - read intro & continue or terminate with scheduled call back}

[If response is greater than 10, prompt to confirm the number of people in the household that have been recreational saltwater fishing in the past 2 months.]

[12 Month Fishermen must be greater than or equal to 2 Month fishermen]

[Wording varies slightly if the answer to Q5 is 1. "Thinking just about the past 2 months, has the person who fishes been recreational saltwater fishing in the last 2 months in the US or a US territory?"]

{LABEL GENDER}

Q7 INTERVIEWER: Record gender of respondent (based on voice - not asked)

1 male

2 female

[If response to Q1 is zero (no fishermen in household) or response to Q6 is zero (no 2

month fishermen), then go to terminate screen.]

[If Q6>0 then continue.]

Q8a I'd like to ask each person who has been recreational saltwater fishing in the last 2 months a few questions about their fishing trip(s). To simplify the interview, would you tell me the first names of the people in your household who have been saltwater fishing in the past 2 months?

- 1 {record names - up to 20}
- 9 DK/R {suspend with "resistant" message}

[If number of 2-month recreational saltwater fishermen=1, use: " I'd like to ask the person who has been recreational saltwater fishing in the last 2 months a few questions about his/her fishing trip(s). To simplify the interview, would you tell me the first name of the person in your household who has been saltwater fishing in the past 2 months?]

[NOTE TO INTERVIEWER: If respondent won't give you names, ask for identifiers such as mother, father, oldest child , second oldest child , etc]

Q8b Are you [one of the people {the person, *if one angler*}] in your household who has been saltwater fishing in the last 2 months?

- 1 yes
- 2 no {transfer to someone else}
- 3 no - no one is available {suspend schedule callback}
- 9 R {suspend with "resistant" message}

-----End of household eligibility screening -----

-----Angler screening questionnaire-----

The angler screener should be repeated for each new respondent in the household in order to define their eligibility for the survey.

Hello, I'm conducting a survey on recreational saltwater fishing for the National Marine Fisheries Service. We want to gather information from people who have been recreational saltwater fishing. Saltwater fishing includes fishing in oceans, bays, and brackish portions of rivers. This does not include fishing in freshwater, or for shellfish, such as crabbing. Recreational fishing means the primary purpose of the fishing is for fun or relaxation, as opposed to providing income from the sale of fish.

I understand that you've been recreational saltwater fishing in the past 2 months.

I'd like to ask you a few questions about your most recent fishing trips. Of course, all of your answers will be kept confidential. This survey is conducted in accordance with the Privacy Act of 1974. You are not required to answer any question that you feel is an intrusion of your privacy.

- Q1 {Ask of first eligible respondent if more than one eligible fishermen in the household} First, did all of the fisherman in your household take all of their fishing trips together over the last 2 months?
- 1 yes {program should repeat trip information for all eligible respondents}
 - 2 no {interviewer should attempt to interview all eligible respondents}
 - 8 DK {interviewer should attempt to interview all eligible respondents}
 - 9 R {interviewer should attempt to interview all eligible respondents}

If state of residence ne Hawaii go to Trip Profiling Questionnaire.

If state of residence eq Hawaii, continue with fisherman categorization questions.

----- Fisherman Categorization Questions - Hawaii only -----

H1 Which of the following three categories best represents your fishing activities?

- 1. You never sell any of your catch
- 2. You sometimes sell fish to help cover fishing expenses

H2 [If H1=3] Do you consider yourself a full-time commercial fisherman?

- 1 Yes
- 2 No

{Fishermen categorization codes}

If H1=1, then category=1 (pure recreational)

If H1=2, then category=2 (recreational expense)

If H1=3 and H2=no, then category=3 (part-time commercial)

If H1=3 and H2=yes, then category=4 (full-time commercial)}

H3 [If category=3 or 4] How many of the {total trips} trips that you mentioned were commercial fishing trips? [As needed: For this survey, any trip where you sold some of the catch for profit beyond expenses is considered to be a commercial fishing trip.]

- 00 None
- 01 {record number of trips}
- DK
- R

H4 [If H3 < total trips] Were the other {total trips-H3} trips purely recreational trips (where you sold none of the catch)?

- 2 No
- 8 DK
- 9 R

H5 [If H4=2] How many were purely recreational?

- 00 None
- 01 {record number of trips}
- DK

[Interviewer: If the respondent's total trips don't add up, please probe for the correct information.]

You entered:

- ## - Total in-state trips
- ## - Total out-of-state trips
- ## - Commercial trips
- ## - Recreational trips}

[If total trips (all commercial), fisherman interview ends as non-2 month fisher.]

[If respondent has recreational trips: We'd like to ask you about just those recreational fishing trips. Continue with trip profiling.]

----- **End of Fisherman Categorization Questions - Hawaii only** -----

----- **End of angler screening questionnaire** -----

----- **Trip profiling questionnaire** -----

{First, determine the number of trips}

- 99 R

[If response is greater than 5 trips, prompt to confirm.]

[for answers of 98 or 99: Try to get an estimate before using this response category]

Q2 On how many days in the past two months, between {restore TODAY- days in wave} and {restore TODAY-1}, did you (s/he) go saltwater fishing in any coastal state or territory of the US other than {restore state} or from a boat launched from another coastal state or territory of the US?

0 NONE

98 DK

99 R

[If response is greater than 5, prompt to confirm.]

[for answers of 98 or 99: Try to get an estimate before using this response category]

[if answers to both Q1 and Q2 are 0, then this is not an eligible fisherman]

[if answers to both Q1 and Q2 are 98 and/or 99, then suspend with resistant message for callback]

{Begin the loop of questions to be asked of each trip. Note: Often as the interviewer and respondent are profiling the trips, at some point the respondent will say that “all of the trips were the same”. E.g. an angler who fishes off of his dock twenty days. The interviewer should be able to exit the loop and, after confirmation, code remaining trips as “all the same.”}

----- **Trip loop questionnaire** -----

The following questions are asked for each of the days indicated in Q1 and Q2.

----- **End of individual trip details** -----

----- **End of trip loop questionnaire** -----

----- **End of trip profiling questionnaire** -----

END TRIPLOOP: This point may be reached by 1) refusals during the screening process, 2) refusals or attempted terminations during the trip profiling, or 3) at the end of a successful interview.

For 1) interviewers should attempt to interview someone else in the household, or schedule a callback.

For 2) Interviewers should indicate ...

- 1 the respondent does not remember any more details about ANY trips; or
- 2 the respondent refuses to continue; or
- 3 proxy respondent does not know trip details;
- 4 all of the remaining trips were like the one we just talked about.
- 5 respondent needs to change number of trips.

The interviewer should ask: For the remaining {restore number of remaining trips not discussed} days, could you at least please tell me how many times and in what state and county or US territorial island you fished from a party/charter boat, a private/rental boat, and the shore?

For unfinished interviews, unfinished proxy interviews, and hard refusals at this point, the interviewer should attempt to schedule a call-back.

For response 4, the total number of trips remains the same and a variable noting all trips the same is recorded.

For response 5, make the necessary adjustments to the interview and complete the interview.

For 3) Okay. That concludes the questions that I have about your fishing. Thank you very much for your time and assistance.

[COMPARE LIST OF COMPLETED NAMES WITH FISHERMEN NAMES AND ASK FOR THE PEOPLE WHO HAVE NOT YET BEEN COMPLETED.]

If there are additional anglers in the household who still need to be interviewed, ask: "Now, may I please speak to: "

[If respondent indicates that one or more of the people list are children, ask current respondent to continue with you answering the questions based on the child's fishing activities]

Continue with individual interview.
